## **SINCERITY**

**President's Cup & Honorable Mention 1956**

**GREETINGS FRIENDS** — From among our carefully selected late seedlings we have chosen three for introduction this year. These have proven their merit after a long and critical period of observation. The need for late blooming daylilies is widespread and no garden should be bare of daylily bloom until freezing weather.

We have selected two midseason varieties for introduction and feel sure you will like them as many others have done.

**Mrs. Viola M. Richards**
